Aviation Facilities Bonds

SECURITY FOR THE BONDS

Pledge of Net Revenues from Aviation Facilities

The Aviation Facilities Bonds (the "Bonds") are special obligations of the County, payable from Net Revenues and monies on deposit in certain funds and accounts created pursuant to the Master Resolution. Net Revenues are defined by the Master Resolution to mean, for any particular period, the amount of the excess of the Revenues during such period over the amount of the Current Expenses during such period.

Revenues are derived by the County from the use or operation of the Aviation Facilities and are deposited to the credit of the Aviation Development Fund, created by Resolution No. R-686-78, adopted by the Board on June 30, 1978, which Fund is held by the County in a separate depository.

The Aviation Facilities are comprised specifically of the Airport Hotel, most of the air cargo facilities at the Airport, various warehouses, aircraft maintenance facilities and storage hangars at the Airport, most of the hangars and other buildings at the four general aviation airports owned by the Aviation Department and certain portions of Concourses B, G and H of the Airport. "Airports" include the Airport and four general aviation airports and one training airport owned by the County and operated through the Aviation Department. Aviation Facilities do not include facilities and properties acquired under the County's Trust Agreement, dated as of October 1, 1954, as amended (the "1954 Trust Agreement"), and specifically do not include (1) all land at each of the Airports, (2) runway and taxiway system at the Airport, and (3) most of the facilities in the passenger terminal complex at the Airport.

Limited Obligation

The Bonds are special, limited obligations of the County payable solely from the Net Revenues pledged to the Bonds. Neither the faith and credit of the State of Florida (the "State") nor the faith and credit of any agency or political subdivision of the State or of the County are pledged to the payment of the principal of or the interest or premium, if any, on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State or any agency or political subdivision of the State or the County to levy any taxes for the payment of the Bonds or to make any appropriation for their payment except from the Net Revenues pledged to and provided for the payment of the Bonds under the Master Resolution.

AVIATION FACILITIES

The Aviation Department has classified airport properties and facilities as either Port Authority Properties or Non-Port Authority Properties. Port Authority Properties are properties and facilities acquired under or included within the 1954 Trust Agreement. In general, the Port Authority Properties include (1) all land at each of the airports maintained by the Aviation Department, (2) the runway and taxiway system at the Airport, (3) most of the facilities in the passenger terminal complex at the Airport, and (4) certain other facilities of a related nature.

Non-Port Authority Properties are all airport properties and facilities not acquired or financed under the 1954 Trust Agreement. Non-Port Authority Properties include (1) certain facilities acquired from the federal government, (2) facilities financed and constructed initially by tenants of the airports and subsequently repaid by the County through rental credits, and (3) facilities acquired or constructed with the proceeds of the aviation special revenue bonds, certain federal and State grants-in-aid, and certain other funds not pledged under the 1954 Trust Agreement.

The major portion of Revenues from the Aviation Facilities are derived from the cargo operations

at the Airport and the Airport Hotel.

MIAMI-DADE COUNTY, FLORIDA

Aviation Revenue Bonds

SECURITY FOR THE BONDS

Pledge of Net Revenues

The Aviation Revenue Bonds (the "Bonds") issued under the provisions of the Trust Agreement entered into as of October, 1954 and amended from time to time, with The Chase Manhattan Bank, New York, New York, as Trustee and First Union National Bank, as Successor Co-Trustee (the "Trust Agreement"), and accrued interest, are payable solely from and are secured by a pledge of the Net Revenues of the Port Authority Properties ("PAP") under the provisions of the Trust Agreement. Net Revenues are defined as the amount of excess Revenues of PAP over the total Current Expenses. *Revenues* are defined primarily, among other things, as all money received by the Aviation Department for the use of, and services and facilities furnished by PAP and all other income derived by the Aviation Department from the operation or ownership of PAP. *Current Expenses* are defined primarily, among other things, as the Aviation Department's reasonable and necessary expenses of maintenance repair and operation of PAP.

For purposes of the Trust Agreement, the proceeds of the Passenger Facility Charges ("PFCs") do not fall within the definition of Revenues.

Limited Obligations

The Bonds are special, limited obligations of the County payable solely from the Net Revenues pledged to the Bonds. Neither the faith and credit of the State of Florida (the "State") nor the faith and credit of any agency or political subdivision of the State or of the County are pledged to the payment of the principal of or the interest or premium, if any, on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State or any agency or political subdivision of the State or the County to levy any taxes for the payment of the Bonds or to make any appropriation for their payment except from the Net Revenues pledged to and provided for the payment of the Bonds under the Trust Agreement.

THE AVIATION DEPARTMENT

Port Authority Properties

PAP is operated and managed by the County's Aviation Department. Miami International Airport is the major PAP (the "Airport"). In addition to the Airport, the Aviation Department operates four general aviation facilities. They are the Opa-locka Airport, Opa-locka West Airport, Kendall-Tamiami Executive Airport, and the Homestead General Aviation Airport. The Aviation Department also operates a training and transition airport which is thirty miles west of the Airport.

OPERATIONS OF THE AVIATION DEPARTMENT

Miami International Airport

The Airport is located in the unincorporated area of the County approximately 7 miles west of the downtown area of the City of Miami and 9 miles west of the City of Miami Beach. The Airport includes approximately 3,200 acres and over 300 buildings and hangars, including certain facilities which are not PAP and the revenues from which are not pledged to the payment of debt service requirements on the Bonds issued pursuant to the Trust Agreement.

Operations at the Airport

The Airport has experienced a slight decrease in cargo activity and passenger traffic. The decreases are believed to be attributed to the instability of the economies of certain Central and South American countries. Total air freight/air mail volume and passenger traffic volume at the Airport for the twelve month period ending December 31, 2000 were approximately 1.8 million tons and 33.6 million passengers, respectively. This represents a decrease of approximately 0.5% in total cargo volume and a decrease of 0.8% in total passenger traffic volume when compared with the preceding corresponding period.

The wide range of international air service along with positive international air route development programs contribute to the Airport's importance as a worldwide international-to-international connecting hub for many air carriers. As the economies of South and Central America stabilize and strengthen, the Airport should see expanded North-South traffic through additional flights to capital cities and expanded routes to include secondary and tertiary markets. European and Asian airlines continue to evaluate the Airport as a connecting point with Latin America and the Caribbean for both passengers and cargo. This process is expected to strengthen existing Western European air service and establish new links with Asian carriers. The Airport ranks first in the U.S. in the number of tons of international cargo and third in the number of international passengers.

THE AIRLINE INDUSTRY

General

The County's ability to derive Revenues from its operation of the Airport depends upon many factors, many of which are not subject to the control of the County. The financial results of the airline industry have been subject to substantial volatility since deregulation of the airline industry in 1978. Several airlines, including Continental, Eastern, Midway Airlines, Pan Am and TWA have filed for bankruptcy. Eastern, Midway Airlines and Pan Am subsequently ceased operations, and Continental and TWA emerged from bankruptcy. An airline operating under the name of Pan Am had begun limited operations, but in February, 1998, it filed for bankruptcy relief under Chapter 11 and intends to operate as a charter air carrier out of Fort Lauderdale. Further bankruptcy filings, liquidations or major restructurings by other airlines are possible as well. If any airline using the Airport were to file for protection under the bankruptcy laws, such airline (or a trustee on its behalf) would have the right to seek rejection of its Airline Agreement and any other lease agreement the airline may have with the County.

The financial strength and stability of airlines servicing the Airport are a key determinant of future airline traffic. Accordingly, no assurance can be given as to the levels of aviation activity that will be achieved at the Airport.

⁽¹⁾ At the beginning of each Fiscal Year and in accordance with the terms of the Airline Agreements, moneys from the previous Fiscal Year remaining in the Improvement Fund are deposited, unless determined otherwise under the terms of the Airline Agreements, in the Revenue Fund. The amount of such deposit is Revenue and is required by the Airline Agreements to be taken into account in determining the amount or amounts of the Supplemental Landing Charge, if any, for the next succeeding Fiscal Year. In Fiscal Years 2000, 1999, 1998, 1997, and 1996, \$24,507,000, \$19,250,000, \$20,441,000, \$15,594,000, and \$13,024,000, respectively, were so deposited.

⁽²⁾ Calculated in accordance with the Trust Agreement, as amended, by dividing Net Revenue After Deposits

by the required Debt Service.

MIAMI-DADE COUNTY, FLORIDA
Public Facilities Revenue Bonds

SECURITY FOR THE BONDS

Pledged Funds

The Public Facilities Revenue Bonds (the "Bonds") are special and limited obligations of the County payable solely from Gross Revenues of the Public Health Trust ("PHT"). Gross Revenues are defined in the Ordinance as (i) all receipts, income and other moneys received by PHT, whether operating or nonoperating, in connection with the Designated Facilities and all the rights to receive the same, whether in the form of accounts, chattel paper, instruments, documents or other rights, and any instruments, documents or other rights or proceeds thereof, and any insurance on the Designated Facilities; provided however, that Gross Revenues shall not include any amounts with respect to services rendered by PHT to or on behalf of the County for the payment of which the County has not budgeted or allocated funds, whether now existing or hereafter coming into existence, and whether now owned or held or hereafter acquired by PHT; and (ii) the proceeds of any of the above; and provided further, that there is excluded from Gross Revenues gifts, grants, bequests, donations and contributions heretofore or hereafter made, designated at the time of making thereof to the payment of debt service on the Bonds, or not subject to pledge, and the income derived therefrom to the extent required by such designation or restriction.

Limited Obligation

The Bonds are limited obligations of County. The obligation of County and the PHT to pay or to provide for the payment of the principal of, premium, if any, and interest on the Bonds shall not be, or be deemed to constitute, a debt, liability or obligation of County or the State of Florida or any political subdivision thereof, except as limited obligation of County payable solely from Gross Revenues of the PHT and as provided in the Ordinance that authorized the issuance of the Bonds. Neither the faith and credit nor the taxing power of County or of the State of Florida or any political subdivision thereof is pledged for the performance of such obligations or the payment of such principal, premium, if any, or interest. PHT has no taxing power.

Designated Facilities

While an agency and instrumentality of the County, PHT operates and governs the Designated Facilities in an autonomous fashion. The Designated Facilities currently include:

- C Jackson Memorial Hospital, a 1,498-bed general acute care hospital;
- C Jackson North Maternity Center, a 69-bed maternity hospital located in Opa-locka;
- C North Dade Health Center, a primary care center and clinic in north Miami-Dade County;
- C Liberty City Health Center, a primary care center and clinic in north central Miami-Dade County;

- C Perdue Medical Center, a 163-bed nursing home in south Miami-Dade County;
- C Human Resources Health Center, a 180-bed nursing home north of the main Medical Center Campus; and
- C Community Health of South Dade, Inc., a primary care and mental health center with several satellite clinics in south Miami-Dade County.

Jackson Memorial Hospital. Based on the number of admissions to a single facility, JMH is one of the nation's busiest medical centers. JMH has a licensed complement of 1,567 beds: 1,498 beds on the main campus located one mile west of the downtown business district of Miami; and 69 beds at the Jackson North Maternity Center, located in north Miami-Dade County. JMH is situated on a 65-acre parcel of land, which also contains the University of Miami School of Medicine (the "Medical School"), the University of Miami Sylvester Comprehensive Cancer Center, and a related 40-bed hospital owned by the University of Miami (collectively, known as the "Medical Center Campus"). The Medical Center Campus contains 30 buildings with nearly three million square feet of space.

The following is a more complete list of affiliated but independent health care institutions not owned by the County or PHT but considered a part of the Medical Center Campus:

Affiliated Institutions Located on the Medical Center Campus

<u>Name</u>	<u>Services Provided</u>	<u>Relationship</u>
Veterans Administration Hospital	Full service 870-bed hospital providing services to veterans.	Owned by the Veteran's Administration; together with JMH, serves as a teaching hospital for the Medical School.
Bascom-Palmer Eye Institute/Anne Bates Leach Eye Hospital	Serves as a clinical teaching and research center for the Medical School with a 100-bed hospital providing ophthalmological surgery and related services.	Owned by the University of Miami.
University of Miami School of Medicine	Provides medical training for medical students; conducts medical research projects.	Owned by the University of Miami. Pursuant to an affiliation agreement between the Medical School and PHT, JMH is the primary teaching hospital of the Medical School
Sylvester Comprehensive Cancer Center	A cancer treatment center, 40-bed hospital and affiliated clinics; provides programs and services which complement programs and services provided by JMH.	Owned by the University of Miami.

As indicated, JMH is the primary teaching hospital for the Medical School. By policy, the Medical School, with limited exceptions, requires that its full-time faculty members practice only at JMH. JMH also serves as the major tertiary health care provider in south Florida. There are a number of services offered at JMH for which the hospital has a national reputation or is the only provider in the region. Examples include the Ryder Trauma Center; the Burn Center; the Newborn

Special Care Center; the Spinal Cord Injury Center; the Miami Project to Cure Paralysis; and heart, lung, liver, kidney, pancreas and bone marrow transplantations.

Staff

Medical Staff. The medical staff of JMH is comprised of a broad, diverse range of medical specialists and sub-specialists many of whom are nationally and internationally recognized in their specialties, and who provide evidence of the specialty care regional referral role of JMH. As of April 2001, the medical staff consisted of 1,456 physicians designated in the following categories: 875 Active Attending (regular admitters), 402 Courtesy Staff (admits only with appropriately assigned admitting priority based on availability of beds), 2 Consultant Staff (no admitting privileges), 7 Associate Medical Staff (no admitting privileges), 71 Temporary Privileges Staff (pending completion of application), and 99 Honorary (Emeritus) Staff (no admitting privileges). The following table represents the medical staff by classification and by specialty.

- (1) Excludes residents and interns. In addition to the physicians listed in the above table, there are at any time approximately 956 resident physicians in training at JMH in various medical specialties.
- (2) Includes sub-specialties of allergy, cardiology, endocrinology, gastroenterology, hematology, infectious diseases, pulmonary medicine, nephrology and rheumatology.

The faculty of the Medical School represents a large component of the medical staff. Of the 1,456 physicians on the medical staff, 607 are full-time members of the faculty of the Medical School and doctors of medicine who, by policy of the Medical School, with limited exceptions, may practice only at JMH.

The Service Area

PHT's primary service area includes all of the County. In Fiscal Year 2000, 85.29% of admissions to JMH originated from the County, 5.84% from Broward County, 0.49% from Monroe County, 4.42% from other Florida counties and 3.07% from other parts of the United States or out of the country. JMH is the only public hospital in the County and the largest teaching hospital in the State. The primary sources of JMH's patient base are: uninsured and under insured patients, and patients referred for specialized, tertiary care treatment unavailable elsewhere.

Service Area Healthcare Providers

Hospitals. South Florida hospitals provide services which are among the best in the country. These hospitals make available a spectrum of healthcare services. They provide innovative and sophisticated care to their communities. Further, they are responsible for numerous technological advances, community and professional educational programs, business and employment opportunities, and community leadership resources.

The County has 32 recognized acute, rehabilitation or mental health/substance abuse hospitals. The estimated licensed capacity at these 32 facilities is 8,904 beds. These hospitals provide a diverse range of services and levels of care. Twenty-eight of these hospitals provide acute care. There are 7,585 acute care licensed beds in the County. Four hospitals in the County provide substance abuse care and their total licensed substance abuse capacity is 111 beds. There is one long-term care hospital, one eye hospital and one children's hospital.

Mental Health/Substance Abuse Services. Mental health services are provided by a number of specialty and general acute care hospitals. The County has 746 mental health beds and 111 substance abuse beds. Long-term mental health beds are provided to County residents at the Florida State Hospital in southern Broward County.

In addition to inpatient mental health services, the County is served by community mental health centers. These publicly funded centers provide an array of mental health and substance abuse services to patients in specific catchment areas. Numerous other providers/agencies provide one or more types of mental health services. PHT is the largest provider of mental health services in the County.

Nursing Homes. There are 55 licensed nursing homes in the County providing 8,315 nursing home beds. PHT operates two of the nursing home facilities: Human Resources Health Center and Perdue Medical Center.

Primary Health Care Centers. There are 36 publicly funded primary care centers in the County. These centers provide a wide range of primary care services in geographically distributed regions. PHT has overall responsibility for 13 of these centers: North Dade Center, Liberty City Health Center, Juanita Mann Health Center, North Miami Health Center, South Miami, a.k.a. PHT Rosie Lee Wesley Health Center, Jefferson Reaves Senior Health Center, Martin Luther King Health Center, Doris Ison Health Center, Carol City Senior High School, Miami Northwestern Senior High School, PET Center, South Dade Homeless Assistance Center, and Doctor Raphael Penalver Clinic. PHT also provides primary care services within its Ambulatory Care Centers at JMH. And specific county-owned facilities operated by Community Health of South Dade, Inc. ("CHI") to provide primary care services became a Designated Facility.

Pension Plans

Depending on their date of employment, eligible PHT employees are covered by one of two pension plans.

Eligible employees hired before January 1, 1996, are members of the Florida Retirement System ("FRS"). All contributions to the FRS plan are the responsibility of PHT. For the Fiscal Years ended September 30, 2000 and 1999, PHT contributions were 10.08% and 12.83%, respectively, of members' total salaries with corresponding costs of \$27,105,000 and \$40,521,000.

Eligible employees hired on or after January 1, 1996, are members of the Public Health Trust of Miami-Dade County, Florida Defined Benefit Retirement Plan (the "Plan"). All contributions to the

Plan are the responsibility of PHT. For Fiscal Years ended September 30, 2000, and 1999, PHT contributions were 7.5% of members' total salaries with corresponding costs of \$5,807,000 and \$4,062,000, respectively.

Pension costs in both FRS and the Plan are funded as accrued.

Employees and Labor Relations

As of March, 2001, PHT had 9,392 employees, including the following:

- 8,464 full-time employees
- 179 part-time regular employees
- 40 temporary employees
- 282 temporary relief employees
- 323 on-call/pool employees
- 104 students

Source: Human Resources Systems - March 2001

The number of FTE's per adjusted occupied bed is 7.88. Outside agency personnel are used on a limited basis to provide coverage when a staffing shortage exists or to augment staffing during periods of peak service demand.

There are four unions representing six different employee units with PHT: the American Federation of State, County and Municipal Employees ("AFSCME"), Local 1363, representing general and paramedical employees; the Service Employees International Union ("SEIU"), Local 1991, representing the registered nursing staff, the medical professional employees and the attending physicians; the Committee of Interns and Residents ("CIR"), representing interns, residents and fellows; and the Government Supervisors Association of Florida, Office of Professional Employees International Union ("GSAF OPEIU"), representing supervisory employees.

The total number of employees covered under the union contracts is 8,616, with a total dues paying membership of 4,074. Unit sizes are as follows:

<u>Unit</u>	<u>Covered</u>	<u>Dues Paying</u>
AFSCME	4,292	1,727
SEIU Nursing Unit	2,493	1,517
CIR Unit	914	438
SEIU Medical Professional Unit	652	274

SEIU Attending Physician Unit	<u>84</u>	<u>63</u>
Total	<u>8,616</u>	<u>4,074</u>

Source: Human Resources Systems - March 2001

There is a satisfactory relationship between the unions and PHT administration. PHT has never experienced work stoppages due to strikes or labor problems.

Governance

Board of Trustees. PHT is governed by a Board of Trustees composed of 19 voting members, one of whom is required to be a member of the University of Miami Board of Trustees, and 7 nonvoting ex-officio members. Voting members of the PHT Board are appointed by resolution of the Board from persons selected by a nominating council for staggered three-year terms. The Board has the power to dissolve PHT at any time. In such event, under current law, the obligations of PHT would only be enforceable against the County to the extent that such obligations would have been enforceable with regard to personal property which was in possession of PHT and with regard to business income which would have come into possession of PHT if it had not been dissolved.

Sources of Revenue

PHT's principal source of revenue consists of charges for patient services provided by JMH. Payments are made to PHT on behalf of certain patients by a number of payors and third parties, including commercial insurers (which includes Blue Cross), the federal government under the Medicaid and Medicare programs, Miami-Dade County funding, the State of Florida from sales tax revenues, as well as by patients on their own behalf. The following table sets forth gross patient service charges by source for each of the five Fiscal Years ended September 30, 2000. The range of PHT collections to gross revenues has approximated 38.1% to 39.9%.

MIAMI-DADE COUNTY, FLORIDA
Rickenbacker Causeway Revenue Bonds

SECURITY FOR THE BONDS

Pledged Funds

The Rickenbacker Causeway Revenue Bonds (the "Bonds") are limited obligations of the County, secured by a pledge of the Net Revenues of the Rickenbacker Causeway (the "Causeway") pursuant to the Bond Ordinance. The County may not create a lien or encumbrance on the Net Revenues superior to the pledge enjoyed by the Bonds. "Net Revenues" for any particular period shall mean the amount of the excess of Revenues for such period over Current Expenses for such period. "Revenues" are defined to include all revenues of the County related to the Causeway determined in accordance with generally accepted accounting principles.

Limited Obligation

The Bonds are limited obligation of the County, secured by a pledge of the Net Revenues of the Causeway and shall not constitute a general obligation or indebtedness of the County. The County is not obligated to pay the Bonds or the interest thereon except from the Net Revenues. The full faith and credit of the County is not pledged to the payment of the principal of, premium, if any, or interest on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the County to levy or to pledge any taxes whatsoever therefor or to make any appropriation for the payment of the Bonds or the interest thereon except as provided in the Bond Ordinance.

MIAMI-DADE COUNTY, FLORIDA
Seaport General Obligation Bonds

SECURITY FOR THE BONDS

Seaport Department Revenues

The Seaport General Obligation Bonds (the "G.O. Bonds") are secured by a pledge of the Net Revenues of the Seaport Department as provided in the Bond Ordinance. "Net Revenues" is defined in the Bond Ordinance to mean the excess of Revenues over Operating Expenses (Seaport Operations). The G.O. Bonds are additionally a general obligation of the County, secured by the full faith and credit of the County, and to the extent that the Net Revenues of the Seaport Department are insufficient to pay debt service on the G.O. Bonds, are payable from ad valorem taxes levied on all taxable property in the County without limit as to rate or amount.

The G.O. Bonds and the interest payable thereon and any premium with respect thereto are payable, on a parity basis with any outstanding Revenue Bonds of the Seaport and any Additional Bonds and Refunding Bonds, from the Pledged Net Revenues.

General Obligation Pledge

The G.O. Bonds constitute a general obligation of the County, and in addition to being secured by the Net Revenues of the Seaport Department, are secured by the full faith and credit of the County. The Bond Ordinance provides that the G.O. Bonds are payable primarily from the Net Revenues, but if and to the extent that such Net Revenues are not sufficient to pay debt service on the G.O. Bonds as the same become due and payable, the G.O. Bonds shall be payable from ad valorem taxes levied by the County on all taxable property in the County without limit as to rate or amount. Such method will be used to impose ad valorem taxes sufficient to pay debt service on the G.O. Bonds upon a determination by the County that the Net Revenues and amounts in the General Obligation G.O. Bonds Subaccount of the Reserve Account are insufficient therefor; in such event the holders of the G.O. Bonds shall be entitled to receive payment from the County from ad valorem tax revenues appropriated to the payment of the G.O. Bonds.

Dade County, Florida
Seaport General Obligation Refunding Bonds
Series 1996

Dated: January 1, 1996

Final Maturity: 2026

Purpose:

The Series 1996 G.O. Refunding Bonds were issued pursuant to Ordinance No. 86-77, Ordinance No. 88-66 and Resolution No. R-1535-95 to provide funds which will be sufficient, with other funds of the Seaport Department, to refund a portion of the outstanding Miami-Dade County, Florida Seaport General Obligation Bonds, Series 1992 and to fund a Reserve Account. *Since the issuance of the Series 1996 Bonds, the County has purchased a Debt Service Reserve Account surety policy to meet the Series 1996 Bonds' reserve requirement.*

Security:

The Series 1996 G.O. Refunding Bonds are payable from and secured equally by a pledge of and lien on the Net Revenues of the Seaport Department on a parity basis with certain other outstanding parity Seaport Bonds payable from Net Revenues of the Seaport Department. The Series 1996 G.O. Refunding Bonds are additionally a general obligation of the County, secured by the full faith and credit of the County, and to the extent that the Net Revenues of the Seaport Department are insufficient to pay debt service on the Series 1996 G.O. Refunding Bonds, are payable from ad valorem taxes levied on all taxable property in the County without limit as to rate or amount.

Form:

The Series 1996 G.O. Refunding Bonds were issued as fully registered bonds in denominations of \$5,000 or any integral multiples of \$5,000. The Series 1996 G.O. Refunding Bonds are in book-entry only form and are registered initially to The Depository Trust Company, New York, New York. Interest on the Series 1996 G.O. Refunding Bonds is payable semi-annually on April 1 and October 1 of each year, commencing on April 1, 1996.

Seaport Revenue Bonds

SECURITY FOR THE REVENUE BONDS

Seaport Revenues

The Seaport Revenue Bonds (the "Revenue Bonds") are secured by a pledge of the Net Revenues of the Seaport Department as provided in the Ordinance. "Net Revenues" is defined in the Ordinance to mean the excess of Revenues over Operating Expenses (Seaport Operations).

Limited Obligation

The Revenue Bonds are special and limited obligations of the County payable solely from and secured by Net Revenues of the Seaport Department. The issuance of the Revenue Bonds does not directly or indirectly or contingently obligate the County to levy any ad valorem taxes whatsoever or to make any appropriation for their payment except from Net Revenues. Neither the full faith and credit, nor taxing power of the State or any of its political subdivisions is pledged to the payment of the Revenue Bonds.

THE MIAMI-DADE SEAPORT DEPARTMENT

Administration

The Dante B. Fascell Port of Miami-Dade (the "Seaport") is owned by the County and managed by the Miami-Dade County Seaport Department (the "Seaport Department").

Under the provisions of Section 4.01 and 4.02 of the Miami-Dade County Home Rule Amendment and Charter, as amended, an administrative order of the County Manager on July 1, 1960 created the Seaport Department and made it responsible for the Seaport Properties of the County and their administration. The County Manager appoints the Seaport Director to oversee the operations of the Seaport Department. The Seaport Director reports to the County Manager, who is employed by the Board.

The Seaport Department's staff and employees are organized under eight divisions as follows:

- | | |
|-----------------------------------|-------------------------|
| 1. Administration | 7. Security |
| 2. Engineering | 8. Housekeeping |
| 3. Operations | 9. Cruise Operations |
| 4. Facilities Maintenance | 10. Cargo Operations |
| 5. Marketing & Promotions | 11. Property Management |
| 6. Advertising & Public Relations | |

The Seaport Department currently employs approximately 272 people and is headquartered in the Seaport Maritime office complex, consisting of three buildings. Tenants housed in the offices of the Seaport Maritime complex and at various other locations include cruise lines, shipping agents, freight forwarders, custom house brokers, stevedores, ship chandlers, federal agencies and other

port-related firms.

Solid Waste System Bonds

SECURITY FOR THE BONDS

Pledged Revenues

The Solid Waste System Bonds (the "Bonds"), and the interest on the Bonds, are payable solely from and are secured by a pledge of the Pledged Revenues of the Solid Waste System under the provisions of the Ordinance. Pledged Revenues are defined as the Net Operating Revenues of the Solid Waste System (Operating Revenues minus Operating Expenses as such terms are defined in the Ordinance) and all moneys and investments on deposit to the credit of the funds and accounts other than the Rebate Fund established pursuant to the Ordinance. The Ordinance does not convey or mortgage all or any part of the Solid Waste System as a pledge or security for the Bonds.

Limited Obligations

The Bonds are special, limited obligations of the County payable solely from the Pledged Revenues, as defined in the Ordinance, pledged to the Bonds. Neither the faith and credit of the State of Florida nor the faith and credit of any agency or political subdivision thereof or of the County are pledged to the payment of the principal of or the interest or premium, if any, on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State of Florida or any agency or political subdivision thereof or the County to levy any taxes whatever therefor or to make any appropriation for their payment except from the Pledged Revenues pledged to and provided for the payment of the Bonds under the Ordinance.

THE SOLID WASTE DEPARTMENT AND THE SOLID WASTE SYSTEM

The Solid Waste Department

In January 1989, the Board passed Administrative Order 9-1 creating the Metropolitan Dade County Department of Solid Waste Management (now the Miami-Dade County Department of Solid Waste Management), by merging the Department of Solid Waste Collection and the Solid Waste Disposal Division of the Public Works Department into a single agency. The Solid Waste Department's principal responsibilities may be categorized as: (1) collection, (2) disposal, (3) recycling and (4) transfer.

The Solid Waste Department provides solid waste collection and disposal services to all single-family residential units (including certain multi-family units such as duplexes) and a small number of commercial and multi-family accounts in the unincorporated portions of the County and in the City of Sweetwater, the Village of Pinecrest, the City of Sunny Isles Beach and the City of Aventura. In addition, the County has entered into long-term interlocal agreements with 17 municipalities to provide disposal services.

The Solid Waste Department operates a variety of facilities, including landfills, transfer stations and neighborhood trash and recycling centers. The Solid Waste Department is also responsible for

meeting the State's county wide environmental compliance objectives, such as the State's 30% recycling goal.

The Solid Waste System

The System. The System comprises (a) the County's solid waste collection and disposal facilities and all Improvements including additional transfer stations, landfills or other related facilities, and all buildings, fixtures, equipment and all property, real and personal now or in the future owned, leased (as lessor or lessee), operated or used by the County in conducting and operating its solid waste collection and disposal facilities and providing services of collecting and disposing of solid waste and (b) contracts entered into by the County for the collection, transportation, storage, treatment, disposal and recycling of solid waste. The System does not include, at the option of the County, any solid waste system, facility or equipment which may be acquired by the County subsequent to the date of the Original Ordinance and designated by the County as a "Separate System" on or prior to the date of acquisition.

Solid Waste Collection System

The Solid Waste Department provides solid waste collection services mainly for single family and small multifamily residential units in unincorporated Miami-Dade County, municipalities that have contracted for such services, newly incorporated municipalities as provided for by Ordinance No. 96-30 and the City of Aventura. While the County offers collection services to commercial and multifamily waste generators in the unincorporated area, such services are generally provided by private waste haulers. The County provides waste collection to approximately 277,000 equivalent residential units for the Fiscal Year ended September 30, 2000, which contribute approximately 42% of the total tonnage going to the System disposal facilities.

Solid Waste Disposal System

The County's integrated solid waste management system provides for the transfer and disposal of solid waste generated in both incorporated and unincorporated areas of the County. A portion of solid waste generated in the County is delivered to the County's transfer stations by County, municipal and private collection vehicles. At the transfer stations, solid waste is reloaded into large transfer trailers for transport to one of the County's three disposal sites or contracted private disposal facilities.

Resources Recovery Facility

General. An Operator currently operates the Resources Recovery Facility pursuant to a Third Amended and Restated Operations and Management Agreement between the County and the Operator dated as of September 1, 1996 (the "Management Agreement") which was entered into in connection with the issuance of the \$182,695,000 Dade County, Florida Resource Recovery Facility Refunding Revenue Bonds, Series 1996 (the "Resource Recovery Facility Bonds"). The Management Agreement terminates on October 31, 2013.

Responsibilities of the Operator. Under the Management Agreement, the Operator is responsible for operating and maintaining the Resources Recovery Facility in compliance with all applicable laws, including environmental laws. It also must make payments pursuant to a loan agreement dated September 1, 1996 between the Operator and the County to pay debt service on

the Resource Recovery Facilities Bonds. The Operator is thus responsible for the payment of all operating costs of the Resources Recovery Facility, including all utility charges. However, the County has agreed to limit rate increases payable by the Operator in water and wastewater utilities provided by the County to the Resources Recovery Facility (other than increases not exceeding the Consumer Price Index (“CPI”). In addition, the Operator may use any electricity generated at the Resources Recovery Facility for operation of the Resources Recovery Facility.

- ⁽¹⁾ Pinecrest, the Town of Miami Lakes and Sunny Isles Beach were incorporated and are restricted by Ordinance No. 96-30 from diverting solid waste.
- ⁽²⁾ Aventura was incorporated prior to enactment of Ordinance No. 96-30 and thus is *not* restricted by the Ordinance from diverting solid waste, but currently receives County service.
- ⁽³⁾ These areas are considering incorporation and have municipal advisory committees approved by the Board of County Commissioners of Miami-Dade County.

The following table summarizes the total quantity of solid waste disposed of at each disposal facility from Fiscal Year 1996 through Fiscal Year 2000, taking into account the various inter-facility transfers that occur within the System. Overall, the quantity of solid waste disposed of in the County continued to increase during Fiscal Year 2000. During Fiscal Year 2000, the County continued to utilize private regional disposal facilities thereby preserving existing landfill capacity.

MIAMI-DADE COUNTY, FLORIDA

Water and Sewer System Bonds

SECURITY FOR THE BONDS

Pledged Revenues

The payment of principal of, premium, if any, and interest on the Water and Sewer System Bonds (the "Bonds") is secured by a pledge of and irrevocable lien on the Pledged Revenues which consists of Net Operating Revenues (Operating Revenues minus Operating Expenses as each is defined in the Master Ordinance) of the County's Water and Wastewater System (the "System") and investment income on moneys on deposit in the funds established pursuant to the Master Ordinance other than the Rebate Fund (the "Pledged Funds").

Limited Obligation

The Bonds are special and limited obligations of the County payable from and secured by the Pledged Revenues, and the faith and credit of the County are not pledged to the payment of the principal of, redemption premium, if any, or interest on the Bonds. The issuance of the Bonds does not directly or indirectly or contingently obligate the County to levy any ad valorem taxes whatsoever or to make any appropriation for their payment except from the Pledged Revenues. Neither the faith and credit nor taxing power of the County, the State of Florida or any political subdivision of each is pledged to the payment of the Bonds.

THE MIAMI-DADE WATER AND SEWER DEPARTMENT

History

On October 3, 1972, the electorate of the County approved the formation of a new County-wide Water and Sewer Agency by expanding the then existing Department of Water and Sewer of the City of Miami (the "City"). Subsequently, the Board established the Miami Dade Water and Sewer Authority (the "Authority") which began operating on April 1, 1973. On March 13, 1975, the City, the County and the Authority agreed to the transfer of all water and sewer properties, facilities and funds of the Department of Water and Sewer of the City to the Authority with the condition that certain property donated by the City would be returned to the City in the future if such property was not needed for water or sewer utility purposes.

On October 4, 1983, the Board enacted Ordinance No. 83-92, which abolished the Authority effective November 1, 1983 and established the Miami-Dade Water and Sewer Authority Department as a department within Miami-Dade County government. On October 19, 1993, the Miami-Dade Water and Sewer Authority Department changed its name to the Miami-Dade Water and Sewer Department.

WATER AND SEWER SYSTEM

General

The System is divided into the Water System and Wastewater System. The Miami-Dade Water and Sewer Department administers each on a unified basis for purposes of billing but separates the two for rates, capital improvements and accounting.

Service Area

The System currently provides water and wastewater treatment to substantially all of the County either directly to retail customers or indirectly through wholesale contracts between the Miami-Dade Water and Sewer Department and various municipalities. The County is the largest county in the Southeastern United States with a land area of 2,209 square miles. In 2000, the population of the County was estimated at 2,209,000.

The Miami-Dade Water and Sewer Department supplies treated water on a wholesale basis to 15 municipally owned water utilities in the County and to 372,973 retail customers. The only municipalities which operate water treatment facilities for customers located within their municipal boundaries are the Cities of Homestead, Florida City, North Miami and North Miami Beach. The Miami-Dade Water and Sewer Department also provides wastewater transmission treatment and disposal service to 13 municipally owned wastewater utilities and 283,656 retail customers. The City of Homestead is the only municipality in the County which owns and operates its own wastewater treatment plant.

Water System

The principal components of the Water System include 8 wellfields, 3 major water treatment plants, 5 smaller water treatment plants, 2 lime recalcining plants, and an extensive transmission and distribution system composed of storage reservoirs, pump stations and a network of transmission and distribution mains.

Wastewater System

The Miami-Dade Water and Sewer Department's Wastewater System consists of collection sewers, manholes, lift stations, force mains, interceptors, pump stations and 3 regional wastewater treatment plants: the North District Wastewater Treatment Plant at Interama (the "North District Plant"), the Central District Wastewater Treatment Plant at Virginia Key (the "Central District Plant") and the South District Wastewater Treatment Plant at Blackpoint (the "South District Plant").

Rates

The Board retained the established water and wastewater rates and charges for Fiscal Year 2000 which have been effective since October 1, 1996. In Fiscal Year 1998, the County made public a policy of rate stabilization with the goal of not increasing either water or wastewater rates over the five years commencing October 1, 1996.

Water Service. The rates reflect a higher charge for the dry season (December 1 to May 31), than for the wet season (June 1 to November 30). For retail customers in excess of minimum usage (500 cubic feet or 3,750 gallons monthly), there is a stepped rate and a 15% conservation surcharge during the dry season. For retail customers with minimum usage, there is a fixed charge and a 5% conservation surcharge during the dry season.

Wastewater Service. All customers who utilize the Miami-Dade Water and Sewer Department's Wastewater System must pay a monthly or quarterly charge for wastewater service. The Miami-Dade Water and Sewer Department's rates for wastewater are based on a monthly or quarterly fee with an additional charge per usage based on cubic feet or gallons. As is the case with water rates, there is a distinction between rates charged to retail and wholesale customers.

Wholesale customers receive reduced rates because they do not use the Miami-Dade Water and Sewer Department's collection system. Wholesale customers are charged a higher rate during the wet season (May 1 to October 31) to encourage such customers to reduce infiltration and inflow in their collection systems.

The Series 1994 Bonds, which bear a Weekly Interest Rate, are subject to redemption prior to maturity upon the exercise by the County of its option to prepay all or a portion of the Series 1994 Bonds and consent of the Insurer, during any Weekly Interest Rate Period, on any business day, in whole or in part, at the redemption price of 100% of the unpaid principal amount of the Series 1994 Bonds to be redeemed plus accrued interest to the date of redemption.

Mandatory Tender

The Series 1994 Bonds will be redeemed if the County, after notification to the Tender Agent and consent of the Insurer, elects, at any time, to cause the interest rate on the Series 1994 Bonds to be converted to an Alternative Interest Rate; if at any time the Paying Agent gives notice that any Series 1994 Bonds, then subject to purchase under the Standby Agreement will on the date specified in such notice cease to be subject to purchase and the Standby Agreement renewed or replaced or that there will be in effect more than one Alternated Liquidity Facility; or if an "event of default" occurs that under the Standby Agreement would terminate the Standby Agreement.

Mandatory Redemption:

The Series 1994 Bonds are subject to mandatory sinking fund redemption in part on the first Wednesday of October in each year by lot in the principal amounts set forth below, plus accrued interest to the date fixed for redemption.

MIAMI-DADE COUNTY, FLORIDA
WATER AND SEWER DEPARTMENT
INTEREST RATE SWAPS
as of September 30, 2000
(in thousands)

The Water and Sewer Department, in connection with the Series 1993 Bonds, has entered into three interest rate swaps. In two of the interest rate swap agreements, the interest owed to the counterparties of the swaps is calculated at a variable rate and the amount owed from the counterparties is based on a fixed rate. In the other interest rate swap, the Department pays BMA/.604 and the counterparty pays LIBOR + 1.28%. The Department has also entered into an interest rate swap agreement in connection with the Series 1994 Bonds for the outstanding period of the Series 1994 Bonds. The Department pays a fixed rate of 5.28% and the counterparty pays a variable rate on the Series 1994 Bonds.

If the counterparties to the swaps default, or if the swaps are terminated, the Department will be exposed to the rates established in each swap agreement. A termination of any swap agreement may result in the Department making or receiving a termination payment. The counterparties to the interest rate swap agreements are large international brokerage and insurance firms and accordingly, the County believes there is little risk of counterparty nonperformance.
